

Since joining APG, Rebecca has assisted with research, analysis, and writing for land use, environmental protection, and public finance projects. Previously, she worked with the Institute of Portland Metropolitan Studies, a research and service center in the College of Urban and Public Affairs at Portland State, providing research and GIS assistance. She also worked with the Regional Planning Agency for greater Boston where she assisted with transportation and land use planning projects, GIS analysis, build out studies, and public outreach. Rebecca received her Masters of Urban and Regional Planning from Portland State University, and her Bachelors of Science in Civil and Environmental Engineering from Duke University.

EXPERIENCE AND RECENT PROJECTS

EXPERTISE:

Land Use Planning

GIS Analysis

Public Finance

EDUCATION:

Master of Urban and
Regional Planning,
Portland State
University

Bachelor of Science in
Engineering,
Civil and Environmental
Engineering,
Duke University

- ◆ **Title 13 and Water Quality Resources Mapping**, *City of Milwaukie, Oregon*. Mapped and compared areas regulated under Title 13 and existing water quality regulations. Identified existing level of protection on Title 13 lands and revised mapped protected areas based on local regulations. Assisted with drafting revised code standards to protect riparian resources.
- ◆ **Title 13 and Water Quality Resources Mapping**, *City of Happy Valley, Oregon*. Mapped and compared areas regulated under Title 13 and existing water quality regulations.
- ◆ **Unified Development Code**, *City of Salem, Oregon*. Helping develop Use Classification chapter and helped draft updates to development standards as part of a comprehensive but policy-neutral code overhaul for the City of Salem.
- ◆ **Tualatin Valley Fire & Rescue, Station 68 Permitting**, *Washington County, Oregon*. Assisted in preparation of a development application for a new fire station in urban unincorporated Washington County. Reviewed relevant code sections and drafted responses for application narrative; attended and documented neighborhood meeting; and reviewed plan sets for completeness.
- ◆ **Tonquin Employment Area Concept Plan**, *City of Sherwood, Oregon*. Provided GIS analysis and mapping of environmental conditions, constraints, buildable acreage, and proposed zoning and transportation improvements.
- ◆ **SummerSmart Water Use Handbook**, *Metropolitan Area Planning Council, Boston, Massachusetts*. Served as primary author of a handbook for local officials in Massachusetts on strategies to reduce water consumption during summer months through changes to landscaping requirements and other development regulations; pricing strategies; demonstration projects; and public outreach.
- ◆ **Acton Water Resources Assessment**, *Metropolitan Area Planning Council, Boston, Massachusetts*. Reviewed development code in Acton, Massachusetts for barriers to sustainable water use, and evaluated projected water budget.
- ◆ **Regional Community Gardens Inventory**, *Institute of Portland Metropolitan Studies, Portland State University*. Gathered information on community gardens throughout the Portland region. Created a database and interactive Google Map to share results. Summarized findings for a Food Systems analysis report.
